REPORT TO MID-AMERICA AFFILIATED SOCIETIES MID-AMERICA ORCHID CONGRESS COLUMBUS, OH, MARCH 28-29, 2009

The Spring 2009 Mid-America Orchid Congress was held March 28-29, 2009, at the Columbus Airport Marriott Hotel in Columbus, Ohio, hosted by the Central Ohio Orchid Society. This Congress celebrated the golden anniversary of both the Mid-America Orchid Congress and the host society, which provided to the approximately 80 registrants a weekend of nationally recognized speakers, award-winning plants and gracious hospitality. Speakers included: Paul Storm, Sarasota, Florida - "Laelias, Schomburgkias, Myrmercophilas and Their Hybrids; Dr. Cassio van den Berg, Bahia, Brazil "Recent Taxonomic Developments in the Cattleya Group"; Howard Bronstein – "The New AQ: Present & Future"; Norris Williams, University of Florida, "Molecular Systematics in Oncidiinae, and Mark Sullivan – "The Orchid Conservation Coalition: A New Paradigm for Conservation."

Jan Yates chaired the 33 judges in eight teams as they evaluated the 410 entries in 24 exhibits. The judges awarded the AOS Show Trophy to the exhibit put in by the Greater Cincinnati Orchid Society. Twenty-six orchids were evaluated for AOS awards and the following eight received them:

1. Cymbidium Nancy Miyamoto 'New Vision Orchids' (George Formby x Vogelsang) AM/AOS 83 pts, New Vision Orchids (Yorktown, IN)
2. Doritaenopsis Mount Lip 'Gladys' (Phal. South Cha-Li x Dtps. Mount Beauty)

AM/AOS 80 pts, Tom Pat Stinson (N. Gilead, OH) The owners write: "Yes, it is true. Both plants were on their way to the compost pile. Our son is a grower for a large company which has several garden centers. They ship in orchids for their retail stores. If plants finish blooming or become damaged, they are sent back to the growing facility to be added to the compost pile. They know we grow orchids, so allow our son to pick through them before they are discarded. Everyone has really gotten a kick out of these plants being awarded. It is the first time the Fred's Ghost has bloomed for us and the second year the Mt Lip has bloomed since we have had it. We were thrilled that they were pulled, never dreamed that they would be awarded. One man's trash is another man's treasure! Thanks" Tom and Pat Stinson

3. Doritaenopsis (Sogo Dove x World Class) 'Festival' HCC/AOS 76 pts, Stones River Orchids (Franklin, TN)
4. Odontioda San Damiano Dugger 'New Vision Orchids' (Odm. Relton x Oda. Robert Dugger) HCC/AOS 78 pts, New Vision Orchids (Yorktown, IN)
5. Odontioda (Horsforth x (Oda. Avimore x Trixon)) 'New Vision Orchids' HCC/AOS 78 pts, New Vision Orchids (Yorktown, IN)

7. Phalaenopsis Maki Watanabe 'Laura' (Romance Miki x Otohime) AM/AOS 82 pts, Stones River Orchids (Franklin, TN)

INFORMATION FOR LOCAL MAOC SOCIETIES

- Societies and individuals are asked to contribute unrestricted funds to AOS
- Orchid Conservation Coalition requests local societies contribute 1% of net revenues to the orchid conservation project of their choice

Thirty-three people had a productive discussion on "Selecting Programs" at the Sunday morning AFFILIATED SOCIETIES BREAKFAST:

- Many societies try to tailor their programs to their members' interests.
 - Let members direct choices – provide programs that appeal to everyone
 - Program chairman (frequently Vice-President) or program committee takes responsibility
 - Board chooses speaker a couple of months ahead
 - Select speakers based on information on membership applications (growing conditions, number of plants)
 - Encourage interaction
 - Keep in mind that program(s) affect membership
 - Keep track of programs over a long time to avoid duplication
 - Key is communication with members
- Cost of programs
 - Many (or most) societies have program costs in their budgets
 - Budgeted amounts vary widely (\$50-\$2000)
 - Invite commercial growers to speak and sell plants in lieu of fee (newer members love vendors)
 - Many societies provide dinner for the speaker
 - House speaker in member's home
 - Pay an honorarium
 - Use student judges and area judges—give honorarium to judging center
 - Bring speaker from a distance and share with 2 or 3 other societies
- Program sources
 - Members who have been to other places or meetings
 - Carson Whitlow's website, www.orchidmall.com
 - New AOS directory, available on CD and in paper

- MAOC website, www.midamericanorchid.org

● How have you filled in when a speaker is unavailable or a scheduled speaker must cancel?

- Member panel on how to build greenhouses
- Member panel on how to grow specific genera
- Members do short talks or Q&A sessions in break-out format
- Use “show and tell” table and have judges talk about plants from judging standpoint
- Member demonstrate how to build an exhibit
- Member talk about an article of interest
- Member made photo equipment from household materials to improve home orchid photos
- Have mini-class before regular society meeting
- Compare AOS judging vs ribbon judging at shows vs ribbon judging at meetings
- Compare OrchidWiz with Wildcatt with AQ Plus

● Recommended speakers

- Entomologist from Michigan State University (Rachel Olson) on pollination and orchids
 - Leo Schordje (Chicago) on Phrags
- Howard Ginsberg (Montreal) on Phals
- Ernie Gemeinhart (Chicago judging center) on slipper orchids

CALLING ALL SOCIETY TREASURERS!

Your Editor received an inquiry from one of our member societies about good software for a society treasurer to maintain the society's financial data; I have received the following responses so far. There is still time! If you will send me information on the financial software you use and how well it works for you, I will publish the information for all of us to benefit from.

Paul Bujak writes: "I use *Quicken* for keeping the Greater Akron Orchid Society's financial information. I find this a good way to track all income and expense categories. I also use it for my personal finances."

From Beth Engle of the Illinois Orchid Society: "I have been the treasurer of the IOS for a couple of years. I use both Microsoft Money and Excel in keeping track of the IOS accounts and for reporting. I like the reports I can get out of Money, though I admit I haven't tried any other software. I use for the IOS what I use for my personal accounts."

The Mid-America Orchid Congress Treasurer Jan Yates says: "I use Quicken Deluxe – there is a Quicken version for businesses and non-profits but it has features that the MAOC would not need because we do not have employees and it is significantly more expensive. MAOC finances are pretty simple so this version of Quicken works fine."

I am Treasurer for the Greater Lansing Orchid Society and also the Great Lakes Judging Center headquartered in Ann Arbor, MI. I use an old DOS-based relational database manager called Ultra-Plus (earlier versions were called Nutshell, which is what I tend to call it still). Ultra-Plus was marketed by Fairhaven Software, Inc. and has been a real workhorse for me. However, I know one of these days it will self-destruct and it is no longer sold. At that point, I, too, will need the information in this article to move to something new. Doris Asher

Committee Reports

- **Affiliated Societies** – Doris Asher, Committee Member
The Affiliated Societies Committee met on Friday, September 5, 2008 at 4:00 p.m. at the

King's Island Resort and Conference Center, Mason, OH. with four members of the committee, Doris Asher, Roberta Ginavan, Doug Hartong, and Judith Rapacz, present. Committee Chair Mary Beth Mansour could not attend.

The topic for the breakfast meeting in Columbus was chosen: "Selecting Programs".

The Affiliated Society Breakfast was held on Sunday, September 6, 2008, with forty people in attendance. The topic "Compensating Speakers" generated a good discussion with both speakers and program chairs presenting points of view and suggestions. As with so many areas of society life, communication is key. Details of the discussion will be included in the Affiliated Societies Committee report to societies.

Motion to accept Affiliated Societies Committee report – passed

- **AOS Liaison** – Doris Asher, Liaison

The American Orchid Society met in Miami, FL, January 20-21, just prior to the convening of the 19th World Orchid Conference, and I reported on happenings there when I addressed the Congress at our meeting in Troy back in March of this year. The Society has not met since our Troy session and does not meet again until next month at Longwood Gardens, PA/Wilmington, DE.

Some developments in the AOS, which may be of interest to you.

1. The AOS is offering affiliated societies the opportunity to advertise their shows and other events at 50% discount on display advertising in Orchids magazine.
2. A task force of the Judging Committee will be leading a discussion of their recent recommendations on judging ethics at the Judges Forum during the upcoming Fall Meeting at Longwood Gardens, PA.
3. The AOS has established a Public Garden Committee to nurture the development of its botanical garden at Headquarters in Delray Beach, FL. The group is in the process of drafting recommendations for the future of the garden.

4. There are two new AOS conservation grants: one to survey the flora of three areas in Gabon in Central Africa – this is a collaborative effort between the Missouri Botanical Garden and scientists from the National Herbarium of Gabon. A second grant will support development of an integrated plan to identify and meet orchid conservation needs of the Cabo Corrientes region of Mexico. The area is home to such species as *L speciosa*, *L autumnalis*, *L crawshayana*, *Encyclia adenocaula*, *Encyclia kennedyi* and *Prosthechea trulla*. This work is a collaborative effort sponsored by the Vallarta Botanical Garden in Mexico.

5. The AOS Board of Trustees has completed a series of four retreats undertaking an ambitious self-assessment and developing a five-year strategy including rewriting the bylaws, developing a new set of governance rules, a definition of the board structure, a complete reorganization of the standing committees and a restructure of the staff. We anticipate a report on this endeavor when we meet at Longwood Gardens in a month's time.

Motion to accept AOS Liaison report – passed

- **Annual Meeting** – Tim Brooks, Chair
 - Committee has received no invitations beyond the year 2009
 - Tim invited societies to call on him for advice or assistance re hosting a future Congress

 - Considered the three conservation grant requests received
 - Recommends renewal of support to Marjorie McNeely Conservatory, St. Paul, MN, and to the Wheeler Orchid Collection and Species Bank, Muncie, IN

 - Same three logs were featured in an exhibit at Friendly Third Bank in Nashville – much discussion/argument concerning appropriate floor covering – again, a blue ribbon
 - Tree used again for the third time when they rented a truck to take the tree to the Chicago Show at a cost of \$500
 - Foolishness in early Mid-Americas
 - After complaining that she had never won a door prize, Lois won a full-size door as a door prize – Cliff Walters drove it home for her

- Lois then used her prize in a subsequent exhibit where she featured one specimen plant on a privy behind her door

- **Show Schedule** – Mark read the report from Chair Tom Ott, as he could not attend the Meeting
 - Separate the Show Schedule from the Annual Meeting document and to make both available via the web site.
 - The Committee accumulated and reviewed data from 35 Mid-America shows over the past 3 years.
 - Recommends the following changes:
 - Combine (10) Epidendrum and (11) encyclia species.
 - Combine the (13) Epidendrum and Encyclia intergenerics with their (12) hybrids.
 - Try to reduce the huge numbers in (2) Lavender/Mauve and (23) Yellow/Orange Cattleyas by

creating separate classes of “large” (8 cm or more) and “small” (up to 8 cm) flowers within each of these two color groups.

- Eliminate (24) Green Cattleyas, which will go into Other Colors, by default.
- Combine (16) Laelias and (17) Sophronitis.
- Alter the second Paph Class (30) to include species with two or more flowers when mature.
- Create new two subcategories of (63) White Phals with markings and (70) Yellow Phals with markings for white Harlequin and yellow Harlequin Phalaenopsis.
- Combine the two white multifloral Phal classes (64 & 65) (markings and no markings).
- Eliminate the Phal intergenerics (76) – they go into Class 69 with Vanda species, hybrids & intergenerics.
- Change the sequence to put Phals before the rest of the Vandaceous Alliance.
- Combine (55) Renanthera and (47) Aerides
- Put (56) Vanda species into the same class with their allied hybrids and intergenerics.
- Put all Tolumnias (83,84, & 85) into one class
- Combine Miltonia/Miltoniopsis hybrids (79) and species (78).
- Combine (87) Odontoglossum species with their (88) hybrids and intergenerics.
- Put (90) Cymbidium species in with their allied genera species (93), hybrids & intergenerics.
- Combine (101,102) Masdevallias with (103) Draculas in both their species and hybrid classes.
- Divide the class with the largest volume of entries – (111 – Orchids not covered elsewhere), into two new classes: (98 – species not covered elsewhere and 99 – hybrids not covered elsewhere) – until we can get additional data on the

numbers of the various orchids which are typically entered into this group.

- Split photographs into color and black-and-white, by adding a subcategory.
- Send data to Committee on numbers of entries in each class. In addition, please tell them species and #'s of them registered in class # 111 (Species, hybrids, and intergenerics not covered elsewhere)
- To be issued simultaneously with the revised Mid-America Orchid Classification prepared by Lowell Jacks – January 1, 2009.
- Delegates were reminded that individual shows are welcome to modify the Schedule to meet their individual needs, so long as they do not change the numbering sequence; they can add classes by using decimals
- Secretary to apprise the Judging Center chairs of the revision of the Show Schedule and to ask their assistance in informing local societies of its existence

Motion to accept Show Schedule Committee report – passed

- **Ways & Means** – Roberta Ginavan, Chair

The chairman reported MAOC was privileged to have secured the services of the widely traveled, and well-recognized antique experts, the M & M Auction team (Doug Martin and Karen McBride) to call the MAOC auction. We thank them for their services. As a result of their outstanding work, the Saturday night auction brought in \$3,548, which, we are told, is the second highest auction total in recent MAOC history.

The Chair also recognized individuals who donated items for the auction as well as bidders who opened their pocket books. Without these folks, the auction could not have been so successful. A T-shirt with a Marion Sheehan logo was awarded to Pat June, the biggest spender at the auction.

Revisions to accommodate 501(c)(3) record-keeping have been instituted, leading to changes in clerking duties. The Chair thanked the auction clerks, Jan Yates, Lois Holmes, Aileen Garrison and Pat Cleveland, for making the changes work smoothly. With the 501(c)(3) tax recognition, donors may use the value of items donated as tax deductions. The Committee requests that donors include their name, address and item value on each item donated to assist the Committee in completing pre-auction paperwork (a sticky note attached to item is fine). Bidders may claim the positive difference between the declared value of an item and the purchase price. Donors receive a pink receipt for the donation while buyers receive a yellow receipt for the purchase.

Motion to accept Ways & Means Committee report – passed

- **Technology** – Mark will be establishing this new Committee; one of its charges will be to look into electronic registration for shows as a service to member societies
- **Nominating** – Beth Martin, Chair
 - Committee consisted of Tim Brooks, Pat Cleveland, and at-large members Roberta Ginavan and Pat June
 - Presented slate for 2009:

President – Mark van der Woerd
1st Vice President – Karen McBride
2nd Vice President – Aileen Garrison
Secretary – Lois Cinert
Treasurer – Jan Yates

Motion to accept slate by unanimous vote – passed

Adjournment -- 11:03 a.m.
Respectfully submitted,
Doris H. Asher, Secretary

FROM YOUR EDITOR

A hearty “thank you” to my authors in this issue: Hermann Pigors, Mary Beth Mansour, and Roberta Ginavan, and to Dot Potter Barnett for technical assistance.

I welcome your input – suggestions, corrections, and articles to be published are all welcome. I love hearing from readers! Keep those e-mail messages coming!

Contact me if I can help: (I’m a retired librarian – I cannot help myself!)
